**A Future FOR
THE Sport®**

Dear Barry Smith:

I have analyzed the bowling ball cleaning product you submitted for approval. “**Extreme Kleaner – General All Purpose Cleaner & Degreaser**” has been approved for use Anytime during certified USBC competition. The approved products index on www.BOWL.com will reflect these results shortly. Please use the enclosed logo on your labels.

Please be aware that we are considering making some amendments to the current specifications that might restrict cleaning a ball during competition to using only a dry towel. As a result, some products may be reclassified from being “approved anytime” to being approved for use “Before/After” certified USBC competition only. This requires a different USBC approval logo to be placed on your cleaner container. If this change is made, we will contact you immediately.

If you have any questions please feel free to contact me.

Sincerely,

Ally Stanton
