- Increase Gas Mileage
- Lower Vehicle Maintenance
- Stabilize the Ethanol in the Gasoline
- Lower Emissions
- Have a Cleaner Engine
- Increase Engine Performance

GASOLINE

F U E L T R E A T M E N T

US EPA Reg. Number 2491-20002

Extreme Xtra Gasoline Fuel Treatment is a unique formula of agents that helps break down the covalent bonds of gasoline allowing for better combustion efficiency of fuel. When fuel is burned in a more efficient and complete manner, less parts of the unburned fuel make their way out the tailpipe. The Extreme Xtra also helps clean up engine deposits by loosening engine deposits created by unburned fuel and deposits of material created by ethanol. It is a very economical way to restore or get better gas mileage, lower emissions, lower vehicle maintenance and keep the engine cleaner.

Extreme Xtra Gasoline Fuel Treatment comes pre-packaged in a **16 oz applicator bottle**.

**1oz of Extreme Xtra treats up to 25 gallons of fuel.
One bottle treats up to 400 gallons of fuel.**

DIESEL/BIO-DIESEL

F U E L T R E A T M E N T

US EPA Reg. Number 2491-20002

Extreme Xtra Diesel/Bio-Diesel Fuel Treatment is a great way to get more out of the fuel you purchase. The Extreme Xtra Diesel/Bio-Diesel Treatment works the same way as the Extreme Xtra Gasoline Treatment by utilizing a uniquely formulated blend designed just for diesel engines. Extreme Xtra complies with the federal low sulfur content requirements for diesel engine use.

Extreme Xtra Diesel/Bio-Diesel Fuel Treatment comes pre-packaged in a **16 oz applicator bottle**.

**1oz of Extreme Xtra treats up to 10 gallons of fuel.
One bottle treats up to 160 gallons of fuel.**

Works with the following Vehicles:
